\*Here is a chance for an exporter; low rate.

I have 16,000,000 ft. to be manufactured this year composed of Oak, Poplar, Cypress, Gum, Cottonwood, Ash and Hickory. This stock must be sold in mill cuts, in lots of 3,000,000 to 5,000,000 ft. and paid for as sawn. I make a specialty of Hardwood mill cuts for the jobbing and large consuming trade. The purchasers of the 60,000,000 ft. which I sold last year are the best advertisers I have. Please let me hear from you stating in just what respect I can interest you and I will gladly give the matter close personal attention.

# A Good Collector

Is one of the best things around the office. Doubtless you have one that handles your ordinary accounts satisfactorily, but when you make a "hard one," then you will find our services valuable. We make moderate business rates, and if the account is collectible we get it. Let us try any bad ones you have. We make a specialty of disputed claims and those involving litigation.

## OUR SPECIAL REFERENCE BOOK

Is authority on Lumber Credits.

... Established 1876 ...

**The Lumbermen's Credit Association,  
CHICAGO, ILL.**

Do You Use The "Red Book?"

If not you are depriving yourselves of the most satisfactory and up-to-date credit service covering the trades of interest to manufacturers of furniture, coffins and all consumers of Hardwood Lumber. . . . .

It will pay you to inform yourselves.
